Toughened Safety Glass | Glass Thickness 8mm | Glass Height 1900mm | Aqua Clean Glass | Reversible | Generous Adjustment

8mm Flipper Panels – Chrome

Our easy clean Ai8 chrome wetroom panels can help you create a perfect showering space either by being fitted as a single panel or with an additional panel (known as an end panel). You can further customise this with an optional flipper panel to deflect any water splashes.
Rotates through 180°. Our flipper panels can be installed at a later date to the main wetroom panel.

8mm Wetroom Panels – Matt Black

Sporting a minimalist, modern design, the Ai8 wetroom panels are also available with a striking matt black profile and support arm to add style to your bathroom. The panels can be set up as 3 different configurations, a stand alone panel, with a flipper panel to deflect water splashes or with an additional panel (known as an end panel) for a full walk-in shower enclosure.
